

# What will your legacy be?

The cost for tuition, room and board continue to spiral upward, outpacing inflation for the past several years, reaching a 40% increase since 1997. The average public college cost is now well over \$15,000 per year.

Our goal is that each graduate of Minford High School will receive financial assistance to attend college. We have a vision of making a difference in the future of our students.
