

MINFORD MARCS

Music in MARCS

The students in Minford MARCS have been enjoying our November music activities. They have been playing musical instruments and using music to honor our veterans.

Virtual MARCS

We will continue to offer our MARCS program even when the school is on total virtual learning. MARCS students can explore online MARCS activities through Google Classroom. MARCS teachers will be available Monday - Thursday from 4:00 - 4:30. Students may talk to their MARCS teachers using Google Classroom.

Parent/Student Activities

Minford MARCS students can design parachutes! Each student along with their parents will be given a packet of materials to design and create a parachute. We would love to see the results. Be sure to send pictures of your parachutes to nriffe@minfordfalcons.net.

We Love MARCS!

Our boys and girls are enjoying the Minford MARCS program. We plan to continue providing homework help and fun activities even when the students are learning virtually at home. Be sure to check out MARCS Google Classrooms. If you are unable to join the MARCS classrooms, please email Brent Howard at bhoward@minfordfalcons.net.
